About Me

I am a Computer-Aided Design and Animation student with an interest in 3D modeling, digital content production, video editing, and AI-supported automation tools. I focus on projects that combine creative production with technical development. My goal is to continuously improve myself by working on practical projects that bring together design, software, and digital production workflows.

Skills

- 3D Modeling
- Ai Tool Development
- Autonomous System Development
- Video Editing
- Basic Software Development
- Creative Thinking
- Problem Solving
- Willingness to Learn
- Result-Oriented Working

Dil

- English (A2)

Software & Tools

- Blender (Intermediate)
- Adobe Premiere Pro (Basic)
- Visual Studio Code (Intermediate)
- Visual Studio (Basic)
- 3ds Max (Basic)
- AutoCAD (Basic)
- Zbrush(Basic)
- Adobe Photoshop (Basic)
- Microsoft Office (Word, Excel, PowerPoint)

Programming Languages

- HTML5 / CSS3 (Intermediate)
- JavaScript (Intermediate)
- TypeScript (Basic)
- C# (Basic)

Education

Computer-Aided Design and Animation

2024- Present

Amasya University

I am studying 3D modeling, visual production, technical design, and digital content development. During my education, I focus on improving both my creative production skills and technical abilities by working on practical projects.
